1		Day 2 Wednesday 26th November 2025									
2	Time	17:10-17:20		17:30-17:40 17:40-17:50			18:10-18:20				
3		Abstract ID 1522 Evaluation of Antimicrobial Activity of Methanolic Extracts from Searsia chirindensis and Phyllanthus burchellii - Plants collected on Mount Gorongosa, Mozambique. Ms Jennifer De Lille Cumbana, Eduardo Mondlane University		otic Misuse and int - Institut Pasteur	Abstract ID 1528: Strengthening National Public Health through a Multisectoral Genomic Surveillance Strategy in Mali, Dr Cheickna Hamallah Dicko, National Institute of Public Health (INSP), Bamako, Mali,		Abstract ID 1805 Divergent Trends and High Burden of Antimicrobial Resistance in Cameroon: A Comparative Retrospective Analysis of MDR and MRSA in Two Referral Hospitals, Dr Denis Zofou Medical Research and Applied Biochemistry Laboratory, University of Buea				
4		Abstract ID 1804: MBirSA: Towards fostering a unified network of medical biorepositories across South Africa, D Anderson, Medical Biorepositories of South Africa		Diagnosis: Mobile Laboratories as a Tool to Curb Antibiotic Misuse and Malarial Illnesses, Dr Idrissa DIENG, Virology Department - Institut Past			Abstract ID 1493: Establishing a National AMR Dashboard and Laboratory Information Management System for AMR Data Management in Uganda. Ms Ritah Namusoosa, Uganda National Institute of Public Health, Ministry of Health Kampala, Uganda				
5		Abstract ID 1373: From genome to bedside: benchmarking rapid lateral flow assays against whole-genome sequencing for carbapenemase detection in LMICs, Dr. Elloise du Toit - GARDP Africa, and University of Cape Town		ile Laboratories as i es, Dr Idrissa DIENG			Abstract ID 1424: From Fever to Diagnosis: Mobile Laboratories as a Tool to Curb Antibiotic Misuse and Antimicrobial Resistance in Non-Malarial Illnesses, Dr Idrissa DIENG, Virology Department - Institut Pasteur de Dakar				
6		Abstract ID 1394 Transforming AMR Communication: Building Media Capacity to Drive Public Awareness and Accountability in Africa, Mr Daniel Wesangula, Distory Kenya		o Diagnosis: Mob n-Malarial Illnesse			Abstract ID 1543: Cross-Sectoral Genomic Insights into Extended-Spectrum Beta-Lactamase-Producing Escherichia coli in Human and Animal Health Settings in Malawi Innocent Chibwe, Public Health Institute of Malawi, Ministry of Health				
7		Abstract ID: 1549 characterization of antimicrobial resistance genes in Aeromonas Caviae isolates from Patients with Cholera-like Illness during a 2022 -2023 Cholera, Outbreak in Malawi, Mr. Innocent Chibwe- Public Health Institute of Malawi, Ministry of Health	Adverts/transition	Abstract ID 1424: From Fever to Diagnosis: Mobile Laboratories as a Tool to Curb Antibiotic Misuse and Antimicrobial Resistance in Non-Malarial Illnesses, Dr Idrissa DIENG, Virology Department - Institut Pasteur de Dakar	Abstract ID 1528: Strengthenir Strategy in Mali; Dr Cheickna H		Abstract ID 1404: Tuberculosis Drugs Resistance Surveys Conducted in 2016 and 2023 in Côte d'Ivoire: Lessons Learnt Prof. Raymond Kouassi N'GUESSAN, Directeur de Recherche à l'Institut Pasteur de Côte d'Ivoire				
8	Notes										
9	9 During Allocated Poster Session:										
10	10 1. All Posters will be displayed electronically on LED screens which will be mounted in First Floor Rooms(Mount Eglon 1 nd 2) and (Mount Kenya 1-3).										
11											
12											
14											
15	7. Adverts/transition: Short promotional videos or powerpoints on ASLM Projects/Departments E.g ASLM Academy, Membership, AJLM.
